

BETH MATTEY

PRESIDENT-ELECT, NASN

I AM A SCHOOL NURSE

WITH MORE THAN 20 YEARS EXPERIENCE

My priorities are:

Increasing the "Health Safety Net" for our nation's children until every child has a school nurse at the recommended ratio.

Providing school nurses with the resources and tools needed for evidence-based care, including print and web-based learning opportunities.

Assuring media relations at the local and national level to educate all about the need for school nursing services.

Integrating technology to provide a seamless delivery of health care.

Advocating for a School Nurse Consultant at the US Department of Education until it happens!

VOTE FOR BETH MATTEY

PRESIDENT-ELECT, MARCH 2009!
